

How You Can Help:

Your help is needed on many levels! Review the list below for some of the ways you can support the drive to increase awareness of Prostate Cancer in Arizona!

Educate:

yourself and others about Prostate Cancer, learn the facts and the **lifestyle** changes that can reduce risk. Come to grips with the need for early and repeated testing in certain high risk groups, especially men with family history, those of African American or Hispanic descent. Learn why the PSA blood test alone isn't enough for a comprehensive screening. Discover the variety of treatment options now available for men.

Advocate:

both in your personal circle and in the community at large. Spread the word about the incidence of Prostate Cancer, and the success rates for treatment of men who have an early diagnosis. Speak with the influence leaders you know about the need to elevate both the community's awareness of this disease and the need to bring funding for research on a par with other forms of Cancer.

Donate:

Southwest Prostate Cancer Foundation is a 501c3 organization Advocating for Prostate Cancer awareness on a statewide level. Donations of cash and services increase our ability to reach an ever-wider audience in our state. You may make a donation through our secure website, or via U.S. Mail to SWPCF, P.O. Box 12186 Glendale, AZ 85318. For further information on donations contact Fred Taylor, Executive Director at (602) 547-3806, or email: Swprostatecancer@aol.com

Sponsor:

Our annual fundraiser is a Golf Tournament. Event and Activity/Hole sponsors are needed for this January 2007 event. Or, sponsor a foursome or two and come out for a great round of golf for a great cause! For more information or the sponsor fact sheet please contact Fred Taylor, Executive Director, at (602) 547-3806, or email: Swprostatecancer@aol.com.
